

PE-150

PRINTMACHINE PRODUCTION POSTAGE PRINTING SOLUTION

INNOVATIVE DOCUMENT METERING

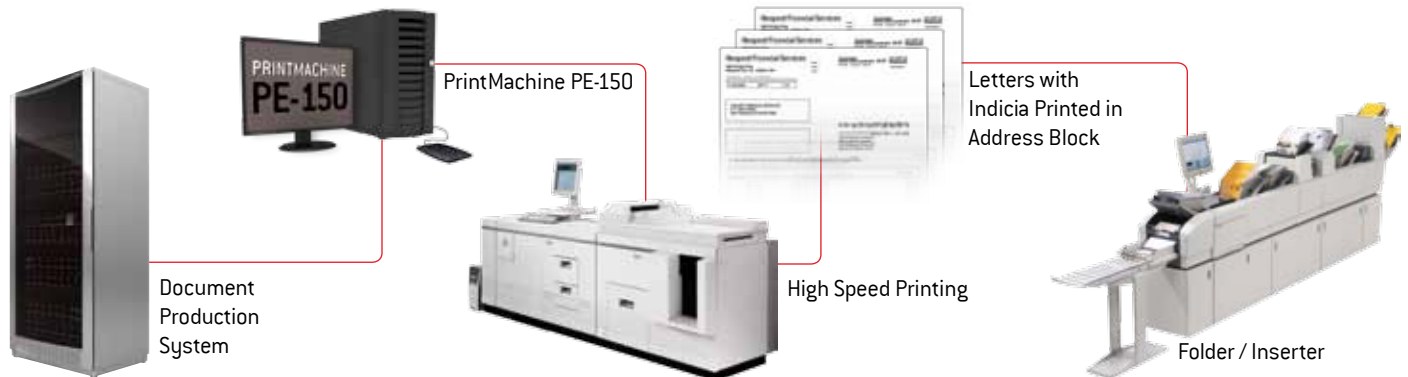

Neopost's unique Production Postage Printing solution transforms the way high volume mailing production is currently handled, reducing mailing and document handling costs, and increasing mailroom productivity. A key component of this process is the efficient combination of Neopost's PrintMachine with its Production Postage Printing (PE-150) software solution. A high-speed metering solution, the PE-150 applies postage directly onto letters or other documents after the mailing document file has been created with the postage visible through a window envelope.

APPLY POSTAGE WITH YOUR PRINTER

Available as a standalone high volume Production Postage Printing solution, or as a module that is part of an overall mailing output management software system, the PE-150 enables you to process high volume mail runs – such as letters, statements, invoices, etc. – without using a mailing machine. The resulting postage is created and applied to the document at the time of printing at speeds independent of your folder/inserter or current system.

- 1 PrintMachine transforms** raw data or formatted data received from a variety of sources within your organization into professional, easy-to-read business documents ready for printing.
- 2 PE-150 applies** postage directly onto letters or documents at the time of printing. It also adds the Intelligent Mail® Barcode (IMB) to each mailpiece for tracking convenience.
- 3 PE-150 allows** your mail to move into the mailstream faster and more efficiently by eliminating a point of failure common with traditional high-speed meters.

SPECIFICATIONS

SYSTEM REQUIREMENTS

OS	Windows® Server 2003
DVD Drive	Yes
Hardware*	P4 3.0 Ghz to XEON 2.8 GHZ
Processors*	1 +
Hard Disks*	RAID 0 or higher recommended
Memory*	2048 MB to 8 Gb
Typical System	Dedicated PC
Modem	Internal, to be used with customer mandatory analog line
USB 2.0 Port	
Database	SQL Server 2005, Express or STD Edition
Database Space	Depends on data and volume
Printers	Windows® printer driver
Ethernet	Internet access required
SMTP Mailer Server	Used to receive e-mail alerts/reports
Postage Account	Required for postage funds

* Based on the actual version of PrintMachine used

SYSTEM COMPONENTS

- USPS® and FIPS approved Postal Security Device (PSD)
- Document input and output managed by PrintMachine core components
- OneCode™ service and associated Intelligent Mail® Barcode (IMB).

INDICIA

- Format: Mail class, postage designation, zip code, mailing date, postage amount, IBI Lite DataMatrix barcode, OneCode™
- Refund: 100% for postage not sent

MAXIMIZE EFFECTIVENESS

The PE-150 Production Postage Printing solution is perfect for mailers with high-speed inserting systems and supports up to 10,000 documents/hour. In addition, this system performs mixed weight processing and reduces mailing operating costs. It fully eliminates the traditional time consuming metering step, substantially speeding up document creation for transaction mailers, commercial print and fulfillment houses, third-party mailers, and any mailers with print and insert functions.

COST CONTROL

With the PE-150 you can now control the costs of your mail preparation process because you will never have to order and replenish costly ink cartridges, since the postage is printed directly on the document. The system also provides the ability to reprint single documents or batches when mistakes occur. Finally, unused postage will be refunded electronically by the USPS® at 100% of value.

BENEFITS OF PE-150

- Delivers the professional image of metered mail
- Co-mingle jobs for better presort discounts
- Eliminates operating and ink costs associated with postage meters
- Requires no inventory of Permit or Prepaid envelopes
- IMB ready for sorting, tracking and USPS® compliance

WHY CHOOSE NEOPOST?

Neopost is a world leader in mailing and logistics solutions. Our innovative solutions bring simplicity and efficiency to your mailing process to make your business run better. Neopost brilliantbasics benefits provide excellence in all our offers, from products to support and services. They bring you the best in operational efficiency, mail quality and security, budget optimization and online management. Whether for advice or support, you enjoy our commitment to supply first-class service – on the phone, on site, or online. Benefit from immediate response times and remote diagnosis at our call centers, and fast dispatch of service engineers when needed. Find out more at www.neopost.com/brilliantbasics
