ELECTRICAL	115VAC or 240VAC 50/60 Hz		
OPTIONS	RENA Systems EASYInks, HP Versatile fast dry Black, and Red, Blue, Green, or Yellow, Conveyor/Stacker/Dryer, Drop Tray		
COUNTERS	One operator resettable job counter, one permanent lifetime counter		
MEMORY	64 MB		

You take a professional approach to mailing. You're willing to pay for speed and capacity, but you want ease and reliability. You'd like to increase productivity while decreasing your mailing costs.

Discover the quality and value of the new and improved RENA Systems Envelope Imager 1.5 Plus. We "plussed" up the solid, reliable 1.5 with faster output and greater hopper capacity. How does 30,000 postcards an hour sound? It sounds like warp speed. Print an eight-line address and a barcode in one very fast pass. Load up to 500 envelopes at a time and spend less time refilling. It also prints on flats, up to 3/16" thick.

A powerful processor with precision engineered parts and high-quality steel construction combined with RENA Systems' focus on quality, performance and reliability, add up to a tremendous value for your mailing business.

Do you have other larger volume mailing systems in place? Use the 1.5 Plus as your back up printer for smaller volume jobs. Whether it becomes your main printer or an add-on, the Envelope Imager 1.5 Plus will be fast to set up, easy to operate and will begin to pay for itself with the first use.

KEY FEATURES

- Prints from 150 to 600 dpi to optimize ink performance on any stock
- Prints all Truetype Fonts
- Allows printing of graphics, logos, and barcodes
- Holds 500 envelopes at a time
- USB 2.0 port for quick and easy connectivity
- 64 megabytes of RAM
